

YERKES, BRADLEY, LONG AND ERNST

Will Receive the Instructions
of District Convention.

The Anti-Deboe Men Claim They Will
Organize the Convention
Tomorrow.

WILL FARLEY PULLS OFF

The Republican district convention which convenes tomorrow afternoon at 1 o'clock at the city hall from present indications, will surely be organized by the anti-Deboe men. It will be unanimous for Yerkes for member of the national committee, and instruct for Yerkes, Bradley, Ernst and Long for delegates at large from the state and for outspoken Yerkes men for district delegates.

This will be the case no matter which side wins, the anti-Deboe men or the followers of the man from Marion.

The only contest will be for Deboe's job, chairman of the district. Mr. Ed Miller of this city, is an aspirant for the position, but as he can only count on twelve votes it is conceded by his friends that he has little chance, if any, to win.

However, as the anti-Deboe men are determined to have a change in the chairmanship, there will be a fight on and the outcome is a problem. It is reported in some quarters that Mr. Miller is off the track and his name will not be presented to the convention.

There is no fight on in this district between the friends of Mr. Yerkes and Mr. Bradley. Everyone is compelled to admit that they are both elegant gentlemen, able leaders and the greatest hope of the Republicans is that they will be both be honored, and it is certain they will be both for Roosevelt.

One claim made by the anti-Deboe men is that in the absence of any contests that the ever ready committee on credentials will be out of a job. It is a notable fact that this is the first time in sixteen years that McCracken county's delegation is not contested, as there were no contests in the precinct conventions and as the election of Captain Williamson was made unanimous and every other question before the convention was unanimous, it will be rather hard to get up a contest.

Mr. Will Farley, realizing that Mr. Roosevelt will be nominated on the first ballot by a unanimous vote and will not be in need of help, says that while he sincerely appreciates the compliment of having his home county instruct for him, he will not be a candidate as his business will not permit his attending the Chicago convention.

SOME INTERVIEWS.

Dr. Frank Boyd was approached by a representative of The Sun, for an opinion and says he is a friend of both Mr. Yerkes and Bradley and is for both of them for anything they desire. That he believes they will be together at the state convention.

Captain J. E. Williamson said he believes in honesty in politics as well as in business. He believes a new era has dawned upon the Republican party. He sees the clouds rolling by and feels that Kentucky will be counted in the Republican column this year. He is glad to see Sappism and kindredisms defeated and is a warm friend of both Mr. Bradley and Mr. Yerkes.

Mr. Jerry Porter, of the county of Hickman, is in the city to attend the convention. He is against Deboeism, is a warm friend of both Mr. Bradley and Mr. Yerkes. He says Mr. Bradley is not, as far as he knows, a candidate for a member of the national committee, but that this strife is being stirred up by the office seeking contingent to further their own selfish ends. He believes that with the certain fight and split that will take place at the St. Louis Democratic national convention, that a new party will be launched by the defeated party and that Mr. Roosevelt will be elected.

ed by the largest majority of any man who ever ran for president.

Captain Ed Farley was also interviewed and says he is for the best interest of the party at all times. He believes that the first district convention will be organized by the anti-Deboe delegates. He is a great admirer of both Mr. Yerkes and Mr. Bradley and both are his personal and political friends. He says the defeat of Sapp in Louisville will be more beneficial to the party than anything that has ever happened to the party in the state and is a sure sign of Republican victory.

Postmaster F. M. Fisher says he has no slate. He wants the delegates to elect their own officers. He has always been an admirer and follower of Mr. Yerkes, was one of the first men in the state to ask him to run for governor. He was for him for commissioner of internal revenue and counts him one of his closest personal and political friends in the state. He is also appreciative of the ability of Governor Bradley and says the obligation due him cannot, nor will not be denied, by even his bitterest enemies. A more capable man cannot be found in either party in the state and he is in earnest in his advocacy of him as a delegate from the state at large as he says there is no one who will better serve the party than he.

A SOAP MAN

TAKES OUT A WARRANT FOR
OWNER OF A VICIOUS DOG.

D. L. O'Brien, a drummer employed to advertise for a soap company, was bitten by a cur dog this morning and immediately took out a warrant against the owner for harboring a vicious dog.

The dog is owned by Mrs. Force, of near the I. C. depot, and Mr. O'Brien had gone into her yard to deliver some samples of soap when the dog grabbed him on the right leg and bit a large wound in his leg. He threatened to kill the dog and the owner threatened prosecution. He resorted to the law and Mrs. Force will have to answer for harboring a vicious dog and also for keeping a dog without a license.

Mr. Gardner Gilbert went to Princeton today on business.

AWFUL SLAUGHTER OF THE JAPANESE

A Battle on the Yalu Reported in Which Japanese
Were Routed and Killed.

ENGLAND HAS NO DESIRE TO MEDDLE

Paris, April 27—The St. Petersburg correspondent of the Matin says: "I learn from a sure source that the Vladivostok squadron yesterday sunk four Japanese transports which were conveying 40,000 men."

JAPANESE ATTEMPT FRUSTRATED.

New York, April 27—Dispatches indicate that a battle has taken place on the Yalu. St. Petersburg briefly reported that a Japanese attempt to cross the river had been frustrated.

A dispatch from Cronstadt told of a report there that a stranger had attempted to destroy the new battleship Alexander III. with a bomb and being detected had hanged himself. His identity is unrevealed.

In a dispatch from Won Son, came additional details of the attack on that place by the Vladivostok squadron. Kohe advised that a Japanese fleet may attempt to cut off the giant Russian cruisers when they return toward Vladivostok.

ENGLISH KEEPING HANDS OFF.

London, April 27—Inquiries made by the Associated Press here reveal no traces of any effort or intention to intervene in the Russo-Japanese war. No step looking to a peaceful settlement of the conflict has been taken by the foreign office, nor, so far as known in Downing street, by King Edward himself. Those who have discussed the war with the king within the last few days say that such a step is the last thing he contemplates.

JAPANESE DESTROYED.

St. Petersburg, April 27—The Lial Vange correspondent of the Novosti wires that the Japanese forced a passage at the Yalu in two detachments between Chang Jee and Sien Posik, and heavy firing has been heard. It is probable the Japanese detachment that crossed the river were destroyed. No pontoons, he concludes, have yet been built.

MANY HANGINGS.

St. Petersburg, April 27—Siberian papers state that two hundred Japanese have been hanged in Manchuria. Their purpose in crossing into this section was to destroy the railway. Several are reported captured. It is also reported that Chinamen discovered tampering with the rails were hanged.

DIED OF PARALYSIS

Mrs. Henry Grief Succumbed
This Morning.

Was Stricken Saturday and Never Regained Speech or Consciousness.

Mrs. Henry Grief died this morning at 11:20 o'clock, at her home on West Tennessee street, of paralysis. Mrs. Grief was stricken Saturday evening and never regained consciousness or speech. Mrs. Grief was 50 years of age and was born in Rose Clair, Ill., but had resided in Paducah for 30 years. She was the daughter of Mr. Mitchell Pell, of Brookport, Ill. She was married to Mr. Grief, who is a well known blacksmith of South Fourth street, ten years ago. Her husband but no children survived her. She also left three half sisters and two half brothers: Mrs. J. M. Brown, and Mrs. Samuel Atwell, of Metropolis, Mrs. Phil Murray, and Messrs. William and Mitchell Pell, of Brookport.

Mrs. Grief was noted for her kindness and was much beloved by all who knew her. The funeral will take place from the family residence at Twenty-ninth and Tennessee streets tomorrow afternoon at 3 o'clock. The interment will be held at Oak Grove.

BOY BITTEN

And the Owner of the Dog Was
Warranted.

Police Still Busy Looking for Un-
licensed Dogs.

This afternoon Mrs. Ellen Greenwood, of No. 616 Burnett street, appeared at the city hall and swore out a warrant against Roland Tiptons for harboring a vicious dog which in addition had not been licensed.

Her twelve year old son, Barbey Knight, was bitten by a dog owned by Tiptons two days ago. The dog took hold of the boy's thigh and inflicted a rather painful but not serious injury. Judge Sanders stated that this was the second warrant issued today by persons who had been dog bitten and that it was a good thing the dogs were being thinned out.

Chief of Police Collins has kept his policemen continually canvassing the city for unlicensed dogs, and there have been many dog owners at the hall today paying license and putting dogs in the city pound. They can surrender them if they care to, and a number do this in preference to paying the tax.

Several passengers were injured and there was a panic aboard but no fatalities resulted. The dead engineer's hand still grasped the throttle when he was found.

JOLLY JACKIES WERE ENTERTAINED

About Fifty Had Shore Leave
and Enjoyed it Greatly.

Captain Proctor Entertained Inform-
ally at the Palmer House at the
Same Time.

LAWRENCE LEAVES CITY TODAY

About fifty of the sailors of the destroyer Lawrence were given shore leave last evening, and by dark the city seemed to be alive with them. They went in pairs, trios and quartets, and seemed to like to walk about. Some of the sturdy jackies walked all over the city without minding it a bit. In fact they seemed to like it. It is always a sort of holiday for them to get on dry land.

Early in the evening they were given a dutch lunch at Elks hall. In addition to the forty or fifty sailors, there were perhaps fifty or seventy-five citizens present to see that they had a good time. The preparations were not elaborate but they were adequate. A nice lunch was served, there were refreshments and cigars and they all had a good time. In fact they had about all they wanted of everything and departed highly pleased with Paducah hospitality.

Captain Proctor was at the same time informally entertained in the Palmer House Grill room. The handsome young officer is a Frankfort, Ky., boy, and his father was a friend of Hon. Charles Reed, of the Palmer house.

The gathering was small but select, those present besides the officer being Hon. Charles Reed, Major J. B. Ashcraft, Captain Saunders A. Fowler and Mr. George C. Wallace.

Today many visitors have been going over to the vessel but they all had to go in skiffs. No other means was found to take them, there being no way to land her near the shore and no boat that could afford to abandon her regular trade to carry the people over.

The intention of Captain Proctor is to leave Paducah late this afternoon, probably about 6 o'clock. He will probably not make any stops between Paducah and St. Louis, as he is due in St. Louis the 29th.

Mayor D. A. Yeiser this morning paid an official visit to the Lawrence in company with Mr. George C. Wallace and was taken over the boat by Captain Proctor. He went out in a skiff and was taken back to the bank by the Lawrence launch. Mayor Yeiser intended making the trip yesterday but deferred it until today when better weather might prevail. He was pleased with the cordiality extended him by the officers and spent more than an hour on the destroyer.

garia.

Anarchist Student Caught Trying to
Poison 600 Students and Suicided.

Sofia, April 27—An accident today averted the poisoning of six hundred students in the military school here. The cook and officer on entering the kitchen caught a young student of Sofia university in the act of putting a package of cyanide of potassium in the food being prepared. The student was arrested and later committed suicide.

It transpired the student was a member of an anarchist society which appointed him to use this means of doing away with the students in the military school.

THE STREET PAVING TO BE DISCUSSED

Board of Public Works Holds
Regular Meeting Tonight.

It is Outrailing the Street Expenses—
Dirt Has Been Costing a
Great Deal.

MANY MATTERS TO COME UP

The regular meeting of the board of public works takes place this evening at the city hall, and a number of things are to come up. One thing is the selection of the streets to be paved out of the bond issue. It is anticipated that this will come in for an unusual amount of discussion. There is strong objection on the part of a number of property owners to having the street paved on which they own property, no matter how much the street needs it, because they must pay half the costs. The board will probably pay no attention to such protests.

The city's street account is being perceptibly cut down. The board discovered that it was costing the city 92 cents a load for dirt that was being hauled to the tan yard fill, and immediately stopped it. They claimed the extravagance was unjustified.

It is also understood that it was costing the city from 50 cents to a dollar, for every load of dirt taken from the gutters and by scraping the streets and hauled away, and the board will not allow it to cost more than about thirty cents a load hereafter.

Tonight a number of things such as placing more fire hydrants on Broadway and passing on a number of matters referred to it by the legislative boards, will be considered.

FULTON MAN

IS VERY ILL FROM STROKE OF
PARALYSIS AT FULTON.

Mr. J. M. Browder, aged 69, a prominent resident of Fulton formerly a well known farmer of near Fulton, is dangerously ill from paralysis at Fulton. He has been quite ill until yesterday when he had in addition a stroke of paralysis.

Mr. Browder has been suffering with a diseased right foot for many years, which he injured by a fall and it never healed until a few months ago and the pain went to his lungs afterwards.

He was injured while sawing a rafter off a barn and was on the end that he severed and fell to the ground many feet below. He is considered a very eccentric man, and last year purchased his coffin and had his vault built at Palestine cemetery. He thinks his time has come now and wants to go and is very positive that he will not recover. He has accumulated considerable wealth, and he and his wife were preparing to enjoy it by moving to Fulton recently, when he was taken ill.

Newell, of the Broadway Methodist church performed the ceremony. The bride is an attractive young lady and the groom is a popular young man of Marshall county.

Miss Bertha McCullom, of Wildersville, Tenn., and Mr. John Doyle, an N. C. and St. L. conductor between Lexington, Tenn., and Memphis, were married last Sunday at Wildersville. It was reported that the couple was secretly married several weeks ago, but this was a mistake. They will reside in Lexington.

Miss Jennie Garrett and Mr. Ed Hill, of this city, were married at Cairo yesterday at the Steagala hotel. Rev. Mr. Siekels performed the ceremony. Both are popular young people. They returned here yesterday afternoon, and were entertained last night by Mrs. Charles Denker, at Ninth and Clark Streets.

PETITION DENIED.

"FUTURE CITY" CANNOT IN-
CORPORATE AT CAIRO.

For the eighth time a petition to incorporate Future City was denied by Judge Dewey at Cairo yesterday, and the decision of the court is to the effect that Future City cannot incorporate and shut Cairo off from a northern outlet and prevent the growth of the city in that direction.

The reason given for the decision is that no village can incorporate within three miles of another village or city as the state law gives a city jurisdiction in certain cases to a limit of one mile and to create another adjoining corporation would cause a conflict of authority.

GOES TO FRANKFORT.

SHERIFF POTTER EXPECTS TO
LEAVE THIS EVENING.

Sheriff Lee D. Potter stated this morning that he would probably leave tonight for Frankfort with the three negro women recently convicted in circuit court, and with the one white boy for the reform school at Lexington. These prisoners were left here until after the bulk of the prisoners convicted at the last term of court were taken to Eddyville. The sheriff will be accompanied by Justice J. H. Burnett and Deputy Sheriff William Lydon.

Captain Harry Brown has bought the wreck of the Edgar Cherry.

Next Interstate Reunion to be

Paducah Could Have Secured it But
Did Not Want it On Account of
the Street Paving.

DEAN'S BAND WINS PRIZE

A delegation of about fifty-four Paducah Odd Fellows went to Carbondale yesterday to attend the interstate meeting, carrying Dean's band. The weather prevented a full attendance from Paducah, but by the time the special train reached Carbondale, it was well filled and something like 65 lodges were represented. Delegates from Kentucky, Tennessee, Missouri, Illinois and Arkansas were in attendance and the meeting was a success notwithstanding the inclement weather.

The local delegation left at 7 o'clock and arrived in Carbondale about 11. An inspection was made at noon and the lodges and bands dispersed until 3 o'clock when the drill and band contests were held. There were several bands in Carbondale but only the Cartersville, Ill., and Paducah bands competed. The Cartersville boys won on appearance, having new uniforms, but the judges agreed that the musical rendition of the Paducah band was far superior to the Cartersville band.

There were degree work contents held after supper but only a few of the local delegates remained over. They are expected here tonight and the result of these contests will not be known until then.

The train left Carbondale on its return at 6 o'clock, arriving in Paducah at 10:30. The next meeting will be held on April 26 at Marion, Ill.

The Paducah delegates were urged to take the meeting but declined on account of the condition the streets will be in. Cairo and Metropolis wanted the meeting but Cairo did not push her claim.

DUE TODAY.

SAND COMPANY OFFICIALS
CLAIM THE EVANSVILLE
BOAT WILL ARRIVE.

It was stated this morning that the sand dredger recently sent out of Evansville for Paducah, will get here today. The boat was leased by the Paducah Sand and Gravel Co., and the owners contracted to deliver it here today, at the latest. The boat was sent away from Evansville last Saturday, but the winds and bad weather delayed it. An attempt was made to secure a Cairo boat, but the owners would not send it here. The local firm is waiting for the Evansville boat to come and will begin pumping sand immediately on its arrival.

LAX-FOS For the Kidney's, Liver and Stomach

CONSUMED BY A FIRE THAT WATER WILL NOT QUENCH

Only those who have experienced the awful itching and burning of Eczema can know how it feels to be consumed by the blistering, fiery acids oozing out through the pores of the skin. There is no other skin disease that compares in severity with Eczema. It begins as a mere redness of the skin, or comes in little watery blisters and pimples, discharging a thin sticky fluid which hardens into scabs and scales, leaving a raw and inflamed surface as they peel off, while the itching is almost intolerable. Eczema is the most vicious and violent of all skin diseases, appearing in many different forms; the dry and scaly kind with brownish white crusts, which gives the skin a rough, leathery appearance, and producing sometimes painful fissures and sores. In other cases the skin has a weeping, moist appearance, with occasional profuse discharges of watery matter. But all the varieties and types of this aggravating disease are akin and are caused by impure blood and an over-acid condition of this vital fluid that seems to set the skin on fire, kindling a flame that water will not quench, and an itching, stinging eruption that lotions, soaps, salves and powders cannot suppress. As the poisonous acids in the blood increase the eruption spreads and becomes more angry looking, and the itching and burning more unbearable. Eczema is the commonest of all skin diseases, and the most aggravating and treacherous, disappearing at times, then returning suddenly and in a severer form than ever. It is particularly bad in warm weather, because at this season the skin is reacting and the blood is making extra effort to throw off the morbid secretions and acid impurities that have been accumulating during the long winter months, and there is an overflow of the acid matter and acid poison through the pores, producing irritation and redness of the skin and all the terrors of Eczema. Soothing applications are beneficial and advisable, but not curative, because the seat of the disease is in the blood, and external or surface treatment cannot change bad blood into good blood or purge the system of impurities. Only a blood purifier can do this, and while treating the skin the blood must be looked after or the disease is sure to return when the blood is again overcharged with acids.

S. S. S. to purify and cleanse the blood, and some non-irritating, soothing salve or lotion, is the proper treatment for all forms of Eczema. S. S. S. has made some remarkable cures of this stubborn skin disease—cases that had become chronic from long neglect or wrong treatment. S. S. S. is the only guaranteed strictly vegetable blood remedy. It is without a single mineral ingredient, but of medicinal roots that come from the fields and forests or Nature's store-houses. S. S. S. combines both purifying and tonic properties that enter into the circulation and destroy the impurities, and at the same time tone up the general system. Skin diseases are, after all, only symptoms of impure and vitiated blood and external signs of disordered systems, and when you cure the blood the eruptions disappear.

If you have Eczema or any blood disease, sore or eruption, write us and our physician will gladly advise you and furnish any information desired without cost to you. Book on the Skin and its diseases free.

THE ELKS WILL NOT BUILD THIS YEAR

It is Hoped to be Ready by Early Next Spring, However.

The Building Committee Has Adopted a Report to Be Submitted to the Lodge.

TO ADVERTISE FOR PLANS

The Elks in Paducah will probably not build this year. So much time has already been consumed in reaching some definite conclusion that there is now little prospect of anything towards active building being done before next spring. The desire now seems to be to get everything ready for breaking ground early next spring.

There has been some difference of opinion relative to the advisability of building this year, and after considerable delay the members of the committee held a meeting yesterday afternoon at the City National bank and agreed on a report which is to be submitted to the lodge tomorrow night and acted on.

The report specifies that the committee shall advertise in some architectural journal and in the Paducah papers for plans and specifications and that ninety day be allowed in which to bring in a report. The building will be five stories high, and is not to cost over \$50,000.

The plans will then be selected and the architect chosen by the entire lodge. If the report presented tomorrow night is agreed on.

But whether or not it is concurred in, it seems to be the general opinion of members that nothing towards building will be done this year, as the preliminaries would require too much time.

The present intention is to have the committee proceed to secure an architect and plans and make all other necessary preparations and have everything ready to begin work next spring.

The Elks are very enthusiastic over their new building, and while some are disappointed over the prospect of doing nothing towards erecting it this year, they look forward to the work next year with pleasurable anticipation.

ANNUAL ELECTION

KNIGHTS TEMPLAR CHOSE OFFICERS LAST EVENING.

Paducah Commandery No. 11, Knights Templar, last night held the annual election of officers, and the following were chosen: I. O. Walker, eminent commander; W. H. Coleman, generalissimo; William Hill, captain general; R. J. Barber, prelate; Harry Hank, senior warden; Clarence O. Brown, junior warden; John Oelrichs, treasurer; Charles Holliday, recorder; George W. L. Gates, standard bearer; Clarence Milam, sword bearer; Fred Acker, warden, and George Ingram, sentinel.

Plans for a proposed alteration in the lodge quarters of the Fraternity building were adopted subject to the ratification of the other lodges. More room is desired for wardrobes and degree work, and as the main assembly hall is 80x43 feet it is proposed to take 16 feet from the front end and convert into a room for the paraphernalia and balcony with a choir loft. The change will not cost over \$750, it is thought.

The iron was on the stove and the little fellow while trying to get it off, let it fall. Fortunately the full weight of the iron did not strike the foot.

KENTUCKY WOMEN

Represented in American Beauty Book.

Five Fair Louisville and Two Lexington Beauties Will Grace Its Pages.

Louisville takes a conspicuous position among the eleven principal cities of the United States represented in the new "American Book of Beauty," which is just ready to issue from the presses of R. H. Russell, by whom it has been prepared for Harper & Bros.

The American Book of Beauty is gotten out to enshrine for all time the perfection of form and figure, the grace of feature and contour, of eighty-seven American women, supposed to be the most perfect types of American loveliness. Among them are five Louisville women—Mrs. C. W. Hargens, of Hot Springs, Ark., who was Miss P. Carley; Mrs. Oliver Harriman, of New York, who was Miss Grace Carley; Mrs. John C. Hone, of Versailles, who was until recently Miss Alice Castleman, daughter of Gen. John B. Castleman; Mrs. Edward R. Thomas, of New York, formerly Miss Linda Lee, and Mrs. Samuel Sloan Chaucer, who was Miss Alice Carr.

Mrs. Charles Leaser, of Lexington, Ky., who was Miss Daisy Stiles, is another fair Kentuckian who ranks among the eighty-seven beauties. Mrs. John Allen, of Lexington, who was Miss Eliza Duncan, daughter of former Mayor Duncan occupies a prominent position. Mrs. Henry Clows, of New York, was another Kentucky girl, Miss Lucy Worthington.

Strange to say, not one of Louisville's representatives in the beauty book now lives in this city. To show that Louisville is well to the front, however, it need only be said that fifty-four of the beauties enshrined in the new publication are New York women, while the other cities rank as follows: Boston, two; Baltimore, two; Albany, one; Washington, four; Colorado, two; Philadelphia, eight; Chicago, three; Louisville, five; Virginia, four; Georgia, one.

The American Beauty Book is the idea of Miss Isabelle Cameron, daughter of the late Sir Roderick Cameron. Most of the portraits for the book were specially posed, and many cost thousands of dollars.

Six beauty judges were selected from among New York artists, whose names have not been disclosed, as each one might find himself a Paris in a worse predicament than the favorite of Venus.

Three editions of the book are brought out. The finest costs \$500 and has twenty-five volumes are subscribed for. The art work and binding are sumptuous. A half-calf edition can be procured for \$110, and the cloth, or popular edition which will be purchased only by the vulgar herd who aspire to make a study of the grandes dames du haut monde, is purveyed at the small price of \$45.

It is a notable feature of the work that the multi-millionaire families of the East are represented en masse. The Astors, Bordenes, Vanderbilts, Brookses and others have their faces in the gallery.

PROMOTER HERE.

MR. JOHN W. MOORE, OF THE MUNDY COMPANY, ARRIVES IN THE CITY.

At last the carnival promoter is in the city. He arrived today from the Mundy company, and his name is Mr. John W. Moore. Mr. Moore is an affable gentleman, who appears to be thoroughly on to his job, and he will remain here until after the carnival. Mr. J. J. Conley will probably be here some time before the carnival, but the exact time has not been decided on. The first thing that Mr. Moore will attempt to do will be to straighten out the advertisement matter, the paper sent to Paducah not having arrived. He will then assist in blissing the surrounding country.

Williamsport, Pa. — Rev. Victor Farak, rector of the Polish Catholic church at Snowshoe, was arrested, charged with having caused the death of Andrew Sosko, a 16 year old boy, by beating him with a club because it is alleged, the boy refused to attend church.

CIRCUS FOLKS

LISTEN TO GOSPEL

Barnum and Bailey Aggregation Hold Church Services.

The Show Carries a Regular Chaplain with it and All the Franks Attend.

A NOVELTY IN THE CIRCUS LINE

New York, April 27—Barnum & Bailey's circus folk had the gospel preached to them each Sunday of their long New York season. The great auditorium of Madison Square Garden was wrapped in Sabbath stillness, but in the room where, during the week, the breaks held sway, the congregation listened to an address by the Rev. W. H. Sneak, chaplain of the show.

The clown was there without his paint and grotesque costume and grave decorum replaced the leers and antics which commended him to week-day audiences. No one except his fellow performers knew that he was of the circus. The three Russian dancers sat sedately attentive.

On front chairs were the midgits, having the appearance of animated dolls. Behind them sat the bearded lady, who sought to conceal her ample flowing beard by fastening her long, light coat over it and turning up her collar until it almost met the droop of her black hat, with its pendant white feather.

Sitting beside her was the "missing link," who was afflicted with a cold. The lion-faced boy, in a back seat, looked like a dog dressed up for the occasion. Next to him was the eight foot giant, towering above the others so that they looked like pigmies.

The chaplain stood on a platform gaily decorated with red and gold tapestries. After reading a chapter from the Bible, he prayed that all before him might be inspired to lead a higher life, and that no accident might occur in the circus throughout the season, and that there might be no suffering from storm or railroad disaster.

"I heard two gentlemen in the menagerie last week discussing religion," said Mr. Sneak, in the course of his sermon. "One, who occupies a high position in this circus, said he did not believe there was a hell. The other replied that if there was no hell, there could be no heaven—and that is true."

THE CARNIVAL

EXECUTIVE COMMITTEE WILL HOLD ANOTHER MEETING THIS EVENING.

The executive committee of the carnival association will hold another meeting this evening, and it is expected that the ticket takers and spielers will be appointed by Mr. H. G. Johnston, chief ticket taker, and Mr. Ben Weille, chief spieler.

A tracer has been sent out for the advertising matter which has been on the road for the past fourteen days, and it will be sent out as soon as it arrives.

THE NEW BRIDGE

I. C. SURVEYORS AT WORK AT TENNESSEE RIVER.

The Illinois Central has a corps of surveyors at work at Tennessee river preparing for the big bridge that is to be built a mile south of the present bridge at Gilbertsville. The change in route is to be made in order to straighten out the track. The river is being sounded and the stakes for the new track are being laid. Work will begin as soon as possible.

Supt. Egan, of the Louisville division, stated last night when in the city that about fourteen miles of the Cairo extension have been ballasted, and the work will be finished in time for the World's Fair traffic.

He also said that the new transfer boat De Koven will arrive next week from Evansville.

GOING DOWN THE PIKE.

St. Louis, April 27—According to the department of concessions of the world's fair it will cost \$20 for the total admissions to all the attractions on "The Pike." The total cost of the Chicago midway was \$35.

MODERN REFORMERS.

Appropos the prosperous hit Aunt
Carrie Nation has made with a Chi-
cago dime museum management at
\$300 per week, the Washington Post
takes occasion to moralize on one of
the greatest grafts of modern times—
reform, or so-called reform. Reform
is exemplified by Mrs. Nation, Elijah
Dowie, Sam Jones, and others.

Says the Post:
"We have seen and studied many
reformers in our time—huskies
who sought our rescue from this or
that dissipation; evangelists who
sought to convert us to this or that
superior, if chilly, creed—but we have
yet to find a single one whose enthusi-
asm has not a personally profitable end
in steady view. High and low, clean
and dirty, well bred and vulgar,
offensive and engaging, they all seek
something for themselves. It may be
the joy of conquest; it may be the
comfort of a secure and salaried occu-
pation; it may be moral conquest or
practical emolument, it may be the
pride of the doctrinaire or the greed of
the grifter—but in every case the in-
spiration is a devouring thirst for in-
terference in other people's business
and the fixed purpose to derive from a
success either the abstract glory of
domination or the concrete comfort of
cold cash. Professional busy bodies
have different methods and ambitions,
but they harmonize completely in re-
spect of seeking to rule others and feed
their own consuming vanities."

The Post might have added that
despite Mrs. Nation, et al., as they
say in law, there seems to be just as
much drinking, smoking, crime and
general wickedness as before—and
quite as many of those beneficent be-
ings who are said to be so easily
parted from their money.

The next recommendation the insur-
ance companies will probably make in
Paducah is that an inspector of elec-
tric wires be appointed. The local in-
surance commissioner has complained
that the wiring is bad, and the im-
portance of pleasing the companies is
indubitably impressed on the mind of
every man when he takes out his
policy and sadly contemplates that
"pink slip." Louisville is preparing
to pay a man \$1,800 a year to inspect
electric wiring, and the chairman of
the board of public safety is quoted as
saying in support of the move: "We
are satisfied that many of the most
disastrous fires in this and other cities

have been caused by defective wires.
Chief Tyson believes that an inspec-
tion of these wires will obviate many
of the dangers from this source."

Those who attend the world's fair
are to hear "union" music, after all.
Bandmaster Well was fired from the
union for some cause or other, and
threatened to get "scab" music.
Doubtless a great many do not know
what "scab" music is, but according
to those who manufacture the union
label article it is something fierce.
So by getting home talent and paying
a small fine of \$1,000, Bandmaster
Well is to be taken back into the
union, and all will be lovely. He
may not be the proper sort to be a
member, but if he coughs up the 1,000
simoleons and employs only the horn
players of the future, he will
become eligible.

Several members of the house object
to the completion of a number of our
battleships on the ground that their
type may be regarded as obsolete after
the war in the far east is over. The
alleged fighting in the far east, how-
ever, can hardly be taken as a stand-
ard, judging from the samples we have
had thus far. If Uncle Sam had been
in the game somebody would have
been licked long ago.

Senators Blackburn and McCreery
are coming to Kentucky soon, accord-
ing to a Washington dispatch, to break
up the Beckham machine and put
Kehoe in as state chairman. We shall
see. If these two Titanic statesmen
break up that officeholders' trust, they
will do more than all the Republicans
and a whole lot of Democrats of Ken-
tucky succeeded in doing. However,
"here's hoping."

Bourke Cochran's service to the Re-
publican party is not yet over. His re-
cent free trade speech in the house is
to be used by the Republicans as cam-
paign material, showing up the true
intentions of Democracy. And the
best part of it is that Bourke says his
service to the Republican party has
always been without money and with-
out price.

A Texas man, formerly of Graves
county, has been to Chicago taking
treatment to keep off hydrophobia.
He spent several weeks there and
thinks he is cured. He could have
come to Paducah and had Capt. Pow-
ler's mad stone tied to him and saved
a lot of money as well as been ben-
efitted just as much.

A citizen who will get caught for
half the cost of street paving on about
half a dozen different streets oughtn't
to kick. If he doesn't want to pay
for street improvements he oughtn't
to own so much property. He can find
plenty of people willing to take his
property off his hands and pay the
street assessments.

A German engineer has invented
an arrangement by which people can
board a moving express train going 60
miles an hour. What we need most,
however, is something by which peo-
ple can get off a street car without
its stopping, which a good many try
to do most every day, to their lasting
sorrow.

It is now reported that the Heurat
boom in Kentucky is on its last legs.
Perchance the ambitious young mil-
lionaire hasn't been "coming across"
often enough to suit the boys. There
is yet hope, however. The Mayfield
Messenger is still pegging away for
him.

Most of the Democrats praise Lin-
coln and many of them laud McKin-
ley, but they have to go back a cen-
tury to Jefferson's administration to
find one of their own party on whom
they can all bestow their approbation
truthfully declares the Globe-Democrat.

Senators McCreery and Blackburn
are trying to kill the army site bill in
hope of gaining time and aiding West
Point, Ky., in securing recognition.
These Democrats never kick on delay
when it helps them in their own
schemes.

President Loubet's cordial welcome
to Italy was embellished by a few at-
tempts to assassinate and several
punctured plots of anarchists. Doubt-
less these big men are not oblivious
to the attention they attract when
they go visiting.

Mayfield had a mad dog scare yester-
day. A dog was running about
frothing at the mouth, but he was
probably only looking for a drink.
Mayfield is such a dry town, you
know.

The Chicago police are being in-
structed in the art of being able to tell
a "plain drunk" from a victim of
drugs or apoplexy. Chicago whiskey

must have a very unpleasant effect.

The czar has decreed that it shall be
war to the end. Judging from the
slow beginning, his posterity will
celebrate the termination.

The czar is said to be very ill, but
his sickness is not as dangerous as be-
ing on one of his own warships.

Tom Watson, of Georgia, admits
he is not a Democrat. It is now up
to Mr. Bryan.

CROP REPORT

COLD WEATHER RETARDS—
FARMING PROGRESSING
FAIRLY WELL.

The following is the weekly crop
bulletin:

Very cold weather prevailed until
Friday, when the temperature rose
rapidly and continued high during
the remainder of the week. From two
to five inches of snow fell in the west-
ern and southern portions of the state
on the 20th, and this was followed by
severe freezing weather in that part
of the state. The week closed with a
warm rain in progress, which will be
very beneficial.

Wheat looks bad and has turned
yellow in some localities, due to the
cold weather.

Considerable corn has been planted
and land is generally prepared for the
seed.

Tobacco plants are small and late
and in some localities, where not
properly protected, have been greatly
injured by freezing.

Oats, rye and grass have made slow
growth and look bad.

Gardens have made no advancement
and early potatoes are coming up
badly.

Fruit has been severely injured by
freezing weather. In the south central
and western portions of the state the
peaches and cherries appear to be
about ruined and early apples badly
injured. In the north central and
northeastern counties the outlook is
somewhat more favorable.

Farms work is progressing fairly
well.

DEEDS.

Miss Bette Smith deeds to J. D.
Smith power of attorney.

Peter Schoeling bought from Lloyd
Harrison for \$600, land in the county.

W. E. Norton deeds to Nannie
Hedges for \$334, property on South

M. T. Harrison purchased from
Mike Steel for \$350, property on the

E. W. Vaughan and others sold to
Sancha Folz and others for \$10,000
property at Fourth and Jefferson
streets.

The Suburban Realty Co. deeds to
A. A. Adkins, for \$850, property in
the Suburban Realty Co. addition to
the city.

Property on the west side of North
Sixth between Harrison and Clay
streets sold by John Yancey for \$1,000
to Edward L. Yancey.

A deed was filed correcting the land
description given in a former inden-
ture that transferred county land from
Anna Bryant and O. H. Brothers to
J. R. Buchanan.

NO NEW DEPOT WILL BE BUILT

I. C. Officials and Mayfield
Reach Amicable Agreement.

The Present Depot to Be Repaired—
Man Arrested at Wickliffe
for Theft.

AND OTHER STATE NEWS

Mayfield, Ky., April 27.—The Illi-
nois Central will not build a new de-
pot here, but will make satisfactory
changes and improvements on the old
one. At the meeting yesterday of I.
C. officials and members of the coun-
cil, the following were present: W.
J. Harahan, assistant general man-
ager; H. U. Wallace, chief engineer;
A. S. Baldwin, engineer of construc-
tion; R. H. Fowler, traveling pas-
senger agent; O. C. McClord, chair-
man of the state railroad commission
and MacD. Ferguson, railroad com-
missioner.

It was decided that the present de-
pot would remain. An east room will
be erected for the white women and
three water closets placed in the
building. Drinking water apartments
will be added. It was decided that
the company, besides building an extra
waiting room 20x20 feet, will lay a
sewer on the railroad property so as
to connect with the one that the city
will make and contribute \$100 for the
work of laying the new sewer to con-
nect with the one near the Presby-
terian church.

ARREST AT WICKLIFFE.

Wickliffe, Ky., April 27.—O. M.
Bridges, formerly of this city, and
who recently returned here, was ar-
rested under a state warrant and by
order of the chief of police of Olden,
Tenn. The charge is the theft of
\$310 some days ago. Another man is
said to be involved in the transaction
and it is reported that he has been ar-
rested and is held at Olden.

Bridges denied any connection with
the affair, but he was found to have
\$75 in currency in his possession,
which corresponded in part to the bills
stolen.

Bridges is no nudetrucker by trade
and was formerly in the employ of
the Wickliffe Supply company.

BITTEN BY MAD DOG.

Mayfield, Ky., April 27.—John R.
Morgan, of Ansia, Texas, is here
visiting friends. He is a native of
Farmington, Graves county, and has
just been to Chicago where he took
the Pastern hydrophobia treatment for
three weeks. He was bitten about a
month ago in Texas by a supposed
mad dog and feels satisfied now he is
cured.

MARRIAGE IN CHRISTIAN.

Hopkinsville, Ky., April 27.—Dr.
J. L. Barker, of Pembroke, and Miss
Mary B. Rives, daughter of R. F.
Rives, of Oaky, were married and
left for St. Louis on a bridal tour.
They are representatives of two of the
wealthiest and most prominent fami-
lies in the county.

GOOD SPIRITS.

Good spirits don't all come from
Kentucky. Their main source is the
liver—and all the fine spirits ever
made in the Blue Grass state could
not remedy a bad liver or the hundred
and one ill effects it produces. You
can't have good spirits and a bad liver
at the same time. Your liver must
be in fine condition if you would feel
buoyant, happy and hopeful, bright
of eye, light of step, vigorous and suc-
cessful in your pursuits. You can
put your liver in fine condition by us-
ing Green's August Flower—the great-
est of all medicines for the liver and
stomach and a certain cure for dyspep-
sia or indigestion. It has been a fa-
vorite household remedy for over 35
years. August Flower will make
your liver healthy and active and thus
insure you a liberal supply of "good
spirits." Trial size, 25c; regular bot-
tles, 75c. For sale by DuBois, Kolb
& Co.

BROKE AN ARM.

Ed. Moacham, the 14 year old son
of A. W. Moacham, carrier of Rural
Route No. 1, fell from a fence at his
father's home on the Benton road yester-
day afternoon and broke his left
arm. Dr. J. W. Pondley, of this
city, set the fracture.

Capt. E. R. Dutt left today for
Joppa.

A TRUE STORY.

How a Young Wife Regained Her Health
and Beauty.

W. E. Birch, Afton, Va., an extensive
fruit grower of that place, writes the
following letter to the Perkins Medicine
Co., of Columbus, Ohio. We print the
letter in full:

Afton, Va., June 4, 1900.
The Perkins Medicine Co., Columbus, O.
Gentlemen:—The country has flooded
with patent medicines of every kind that
are worthless and a humbug, that I for
one, am glad to be able to say I have
found one that is everything and more
than is claimed for it.

"My wife was very much run down
and out of sorts in every way. She had
a pelvic disorder which left her very
weak, nervous and no appetite at all.

"One day I happened to be at my
father's store, S. A. Birch, Coresville,
Ath county, Va., and noticed your medi-
cine he had there for sale.

"I thought it might help my wife, so
I brought a bottle of it home and within
a week she commenced to eat and now
she is hungry all the time and not half
the medicine has been taken. We both
agree that it beats any medicine to bring
on an appetite and to put the nerves in
good shape that we have ever had any-
thing to do with. We had our family
doctor to give her medicine and he did
all he could, but she did not improve the

least. She has con-
sumption in her fam-
ily and she was in
such bad shape; so
run down, nervous,
weak, and could not
eat that I had begun
to get very uneasy, but your medicine
made an entirely new woman of her. I
believe she eats and feels better now
than she has for years.

"I have not the slightest doubt but
that your medicine has saved her from
a long spell of sickness, if nothing
more. All my family had begun to
get uneasy, but, of course, she did not
know it and I have only just told her
of it since she has improved so much.
I had no idea it would do half what it
has and don't think there is another
medicine made that will begin to com-
pare with it."—W. E. Birch, Fruit
Grower, Afton, Alb county, Va.

A GOOD START

NEW INSPECTOR MAKES BUTCH-
ERS GET BUSY QUICK.

Dr. Garber, the new meat and milk
inspector, is making a good start. He
has required most of the butchers to
give their cold storage boxes and
slaughter houses a thorough cleaning,
and is one of the first men on the
market every morning. Thus far he
has not devoted as much time to the
dairies as he probably will later on.

Dr. Garber seems to thoroughly
understand his business. Said a
prominent butcher today: "He cer-
tainly means business, judging from
the way he has started out. He has
been making the butchers move about
pretty lively."

clears the complexion. Mrs. D. W.
Smith, Whitney, Texas, writes April
3, 1902: "I have used Hertine and
find it the best medicine for constipa-

you claim for it. I can highly recom-

SECTION FOREMAN

IS ARRESTED FOR PADDING
THE I. C. PAY ROLLS.

A section foreman by the name of
Santerson, who works for the Illinois
Central at Obion, Tenn., was ar-
rested at Fulton as he drove into the city
from Obion.

Santerson is charged with padding
the pay rolls of the I. C. and when he
learned that he was suspected he pre-
pared a team at Obion and drove in
the direction of Fulton. Officers
there were notified. He was returned
to Obion for trial.

CURES COUGHS AND COLDS.

Mrs. C. Peterson, 625 Lake street,
Topeka, Kansas, says: "Of all cough
remedies Ballard's Horehound Syrup
is my favorite; it has done and will
do all that is claimed for it—to speed-
ily cure all coughs and colds—and it
is so sweet and pleasant to the taste."

Drudgery

And Worry Sap Wom-
an's Nervous
Vitality.

There is nothing more nerve wrecking
than household duties and the care of
children. The drudgery, worry and pet-
ty annoyances of the day, and broken
rest at night soon exhausts the vitality
and also becomes nervous, irritable and
restless. If allowed to continue, it ends
in Sick, Nervous Headaches, Stomach,
Liver and Kidney troubles, and these
terrible persistent bearing-down pains,
which come from nervous exhaustion.

Dr. Miles' Restorative Nervine is a
never-failing remedy for such cases. It
builds up and soothes the nerves, and
brings the sweet, restful sleep, so much
needed.

No other medicine is so pleasant or
so curative in every case of female
weakness, nervousness or general worn-
out condition.
Try it at our risk.
Cost refunded if first bottle fails to
benefit you.

"I had been sick several years with
indigestion and nervous prostration,
which kept me almost constantly under
a physician's care, and when I had been
treated by four doctors, I received only
temporary relief. I was very weak and
helpless, and unable to attend to my
household duties. After reading about
Dr. Miles' Nervine, I concluded to give
it a trial. The first few doses brought
restful sleep at night, and an appetite
for food. Continuing the treatment, I
rapidly improved, and now I am well
and able to do all my work."

UP AND DOWN

NO DOUBT ABOUT COFFEE IN THIS CASE.
Coffee sickness takes all kinds of forms especially in children frequently causing severe nervous trouble as St. Vitus' Dance, epileptic fits, etc. A case in point:
"Two years ago my son, then 10 years old, was attacked with epileptic fits and a trouble like lockjaw.
"We called in our family doctor and he decided the trouble was a nervous disease and might be caused by the use of coffee.
"He said we must give up coffee and we did and tried Postum and it was not long before the boy was fully recovered from his trouble.
"Then we gave him coffee again and it served him the same way but when we once more shut off the coffee and gave him Postum he got well and is well today and has no more attacks of lockjaw and no more fits.
"We use Postum altogether now, never have coffee in the house at all for we are convinced it is a deadly poison when it can work such ill as it did for our son." Name given by Postum Co., Battle Creek, Mich.
In the light of such testimony and the advice of thousands of physicians who have proved that coffee is to some people a poisonous drug the parents who allow a child to drink coffee—tea is almost as bad—no matter how weak, is taking grave chances of ruining the child's health.
Postum Food Coffee is food as well as drink when well boiled and the children can drink it at every meal and grow strong on it.
It makes red blood. There's a reason.

ANTARTIC CONTINENT NO DOUBT EXISTS.

That a vast Antarctic continent exists, perhaps twice as large as that of Europe, would seem to be proved by the reports now appearing of recent explorations in that region. The American Commander Wilkes, returning from the far South in 1841, asserted the existence of a vast south polar continent, and described his voyage of 1,500 miles in sight of the coast. Ross, however, returning, soon after, discredited Wilkes' conclusions, saying that the land seen by Wilkes was merely a great wall of ice. The world has been in doubt which to believe.

That Ross was wrong and Wilkes right is very evident from the report of Capt. Scott of the British Antarctic expedition of 1901-04. Captain Scott shows that the mass of ice seen by Ross is, in reality, an extensive glacier resting on land and covering the land like the ice cap of Greenland. The glacier is about 700 miles wide and reaches the sea through a plain lying between Victoria Land and Edward VII Land. The German expedition under Von Drygalski worked 80 degrees of longitude farther west, also found a somewhat similar expanse of ice-capped land, whose limits they were unable to trace, but which is apparently a part of some Antarctic continent.—National Geographic magazine.

STRANGE MARRIAGE.

Copenhagen, April 27—A young couple with too advanced ideas to believe in either marriage by church or by state have just announced their marriage in a leading paper of this city in the following words:

"This is to notify that we, the undersigned, have contracted an alliance of friendship and matrimony in free form and without the registrar. "For those of our friends who esteem and respect us this, our self-willed decision, will be sufficient. "We are convinced that matrimonial bliss is based not only upon legal force but upon mutual love and esteem. We gladly resign further acquaintance with those who can not discover personal value outside the law."

The announcement is signed Augusta Greenwall and Heinrich Laner, and it is added that Mrs. Augusta Greenwall will in the future sign Mrs. Augusta Greenwall-Laner.

SUFFERED ALL HER LIFE.

Miss Emma Melvahn Could Find No Relief Until She Took Shoffner's Sure Cure.

Oovington, Tenn., March 27, 1901. Mr. M. L. Shoffner, Shoffner-Hayes Med. Co.

To give you a full description how I suffered from indigestion would make a book when written out. Will tell you as near as I can in a few words as possible. I have suffered with indigestion for years, in fact, nearly all my life, but did not know it, until four years past, and my physician told me. He put me on malted milk and a tonic which did me no good, and I lived on the milk nine months without missing a meal. I was almost starved and commenced to get very thin. Then thought it would finally kill me. Up to November 1900, I suffered fearfully, and sometimes I thought every breath would be the last one. I was so weak that I

could walk but a few steps without resting, and vomited day and night, was so badly swollen it was painful to move. My limbs and back hurt me so I couldn't rest day or night. I am sure nobody ever suffered more than I did with indigestion. I had heard of your medicine, Shoffner's Sure Cure, but of course had no faith in it like all others, but in November I decided to try it. I commenced to try it on Friday at dinner and by Sunday dinner had taken six doses, and went down to dinner and ate just what I wanted of everything on the table, and it didn't hurt me at all. I have taken four bottles and am stronger and feel better than I have in years. I tell everybody to take your medicine and advertise it all can. You can see what you please of this letter, and I sincerely hope it will help you sell your medicine. I can truthfully say it is fine for indigestion. I hope God may spare you to live and make this medicine always. With best wishes all along through life for you. MISS EMMA MELVAHN.

VARIABLE ROUTES TO FLORIDA.

In addition to the numerous facilities provided for the comfort and pleasure of Florida travelers, the Southern Railway and Queen & Crescent Route have this year added a new and unusually attractive feature in the form of a variable route tourist ticket, by means of which, at a slight additional expense, the going trip may be made via Chattanooga, Atlanta and Macon and the return trip via Savannah, Columbia, Asheville, Hot Springs and Knoxville—or vice versa—including stop off, if desired, at all of these and other points, so that a passenger may visit Lookout Mountain, the beautiful "Sapphire Country," the "Land of the Sky" and the principle commercial centers and tourist resorts en route.

The "Chicago and Florida Special" a superb train composed of through Pullman Drawing Room sleepers, composite car and dining car, leaves Cincinnati every evening except Sunday, via the Queen & Crescent Route. A handsome observation sleeper leaving Louisville at 7:25 p. m., is attached to the "Special" at Lexington and this train then runs through solid via Southern Railway from Chattanooga to Jacksonville and St. Augustine, arriving at 9:30 p. m. and 10:35 p. m., respectively the next evening, making connection at Jacksonville for interior Florida points.

The "Florida Limited" leaves Cincinnati every morning the year around via the Queen & Crescent Route connecting at Lexington with the Southern Railway trains from Louisville. This train also runs through solid to Jacksonville and St. Augustine via Southern Railway from Chattanooga carrying sleeping cars, observation and dining car, arriving at 9:45 a. m., and 11:15 a. m., respectively.

The Q. & C. "Special" leaving Cincinnati every evening carries Pullman sleeper through to Jacksonville via Southern Railway from Harrison Jct. through Asheville, the "Land of the Sky" and Savannah. This train also connects at Lexington with train from Louisville.

There is of course correspondingly fine service via each of these routes on the return trip. Either of the following booklets will be sent on receipt of two cent stamp "Land of the Sky," "Winter Homes, containing hotel list," "Hunting and Fishing in the South," containing game laws, Ochs folder, etc.

Complete information as to rates, schedules, etc., will be gladly furnished on application to C. H. Hungerford, D. P. A. Southern Railway, 234 Fourth Avenue, Louisville, Ky.

The Filigree Ball

By ANNA KATHARINE GREEN,
Author of "The Mystery of Agatha Webb," "Lost Man's Lane," Etc.
Copyright, 1903, by the Bobbs-Merrill Company

A smothered groan filled up the breath, but it did not come from his lips, which were fixed and set, but from those of the woman who crouched among us. Did he catch this expression of sorrow from one of whose presence he had not given no token of recognizing? He did not seem to. His eye was on the captain, who was slowly reading, by the light of a lantern held in a detective's hand, the almost illegible words which Mr. Jeffrey had just said were his wife's last communication.

Will they seem as pathetic to the eye as they did to the ear in that room of awesome memories and present death?

I find that I do not love you as I thought I did. I cannot live, knowing this to be so. I pray God that you may forgive me.
VERONICA.

A gasp from the figure in the corner, then silence. We were glad to hear the captain's voice again.

"A woman's heart is a great mystery," he remarked, with a short glance at Mr. Jeffrey.

It was a sentiment we could all echo, for he to whom she had alluded in these few lines as one she could not love was a man whom most women would consider the embodiment of all that was admirable and attractive.

That one woman so regarded him was apparent to all. If ever the heart spoke in a human face it spoke in that of Miss Tuttle as she watched her sister's husband struggling for composure above the prostrate form of her who but a few hours previous had been the envy of all the fashionable young women in Washington. I found it hard to fix my attention on the next question, interesting and valuable as every small detail was likely to prove in case my theory of this crime should ever come to be looked on as the true one.

"How came you to search here for the wife who had written you this vague and far from satisfactory farewell? I see no hint in these lines of the place where she intended to take her life."

"No! No!" Even this strong man shrank from this idea and showed a very natural recoil as his glance flew about the ill-lit room and finally rested on the threshold over which so repellent a mystery hung in its impenetrable shadow. "She said nothing of her intentions; nothing! But the man who came for me told me where she was to be found. He was waiting at the door of my house. He had been on a search for me up and down the town. We met on the stoop."

The captain accepted this explanation without cavil. I was glad he did, but to me the affair showed inconsistencies which I secretly felt it to be my especial duty to unravel.

CHAPTER V.

NO further opportunity was afforded me that night for studying the three leading characters in the remarkable drama I saw unfolding before me. A task was assigned me by the captain which took me from the house, and I missed the next scene—the arrival of the coroner. But I repaid myself for this loss in a way I thought justified by the importance of my own theory and the evident necessity there was of collecting each and every point of evidence which could give coloring to the charge, in the event of this crime coming to be looked on at headquarters as one of murder.

Observing that a light was still burning in Uncle David's domicile, I crossed to his door and rang the bell. I was answered by the deep and prolonged howl of a dog, soon cut short by his master's audible greeting. This latter was a surprise to me. I had heard so often of Mr. Moore's churlishness as a host that I had expected some rebuff. But I encountered no such tokens of hostility. His brow was smooth and his smile cheerfully condescending. Indeed, he appeared anxious to have me enter, and cast an indulgent look at Judger, whose irrepressible joy at this break in the monotony of his existence was tinged with a very evident dread of offending his master. Interested anew, I followed this man of contradictory impulses into the room toward which he led me.

The time has now come for a more careful description of this peculiar man. Mr. Moore was tall and of that refined spareness of shape which suggests the scholar. Yet he had not the scholar's eye. On the contrary, his regard was quick, if not alert, and while it did not convey actual malice or ill will it roused in the spectator an uncomfortable feeling not altogether easy to analyze. He wore his iron gray locks quite long, and to this distinguishing idiosyncrasy, as well as to his invariable custom of taking his dog with him wherever he went, was due the interest always shown in him by street archers. On account of his whimsicalities he had acquired the epithet of Uncle David among them, despite his aristocratic connections and his gentlemanlike bearing. His clothes formed no exception to the general air of individuality which marked him. They were of different cut from those of other men, and in this as in many other ways he was a law to himself; notably so in the following instance:

He kept one day of the year religiously, and kept it always in the same way. Long years before he had been blessed with a wife who both understood and loved him. He had never forgotten this fact, and once a year, presumably on the anniversary of her death, it was his custom to go to the cemetery where she lay and to spend the whole day under the shadow of the stone he had raised to her memory. No matter what the weather, no matter what the condition of his own health, he was always to be seen in this spot, at the hour of 7, leaning against the shaft on which the name of his wife was written, entering his supper in the company of his dog.

The detective visits
Uncle David

So much for one oddity which may stand as a sample of many others.

One glance at the room into which he ushered me showed why he cherished so much a dislike for visitors. It was bare to the point of discomfort, and had it not been for a certain quaintness in the shape of the few articles to be seen there I should have experienced a decided feeling of repulsion, so pronounced was the contrast between this poverty stricken interior and the polished bearing of its owner. He, I am sure, could have shown no more elevated manners if he had been doing the honors of a palace. The organ, with the marks of home construction upon it, was the only object visible which spoke of luxury or even

But enough of these possibly uninteresting details. I did not dwell on them myself except in a vague way and while waiting for him to open the conversation. This he did as soon as he saw that I had no intention of speaking first.

"And did you find any one in the old house?" he asked.

Keeping him well under my eye, I replied with intentional brusqueness:

"She has gone there once too often." The stare he gave me was that of an actor who feels that some expression of surprise is expected from him.

"She?" he repeated. "Whom can you possibly mean by she?"

The surprise I expressed at this bold attempt at ingenueness was better simulated than his, I hope.

"You don't know?" I exclaimed. "Can you live directly opposite a place of such remarkable associations and not interest yourself in who goes in and out of its deserted doors?"

"I don't sit in my front window," he peevishly returned.

I let my eye roam toward a chair standing unobtrusively near the very window he had designated.

"But you saw the light?" I suggested.

"I saw that from the doorstep when I went out to give Rudge his usual two minutes' breathing spell on the stoop. But you have not answered my question—whom do you mean by she?"

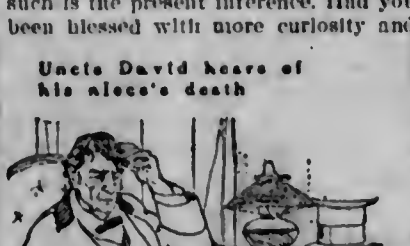

"Veronica Jeffrey," I replied. "She who was Veronica Moore. She has visited this haunted house of hers for the last time."

"Last time?" Either he could not or would not understand me.

"What has happened to my niece?" he cried, rising with an energy that displaced the great dog and sent him, with hanging head and trailing tail, to his own special sleeping place under the table. "Has she run upon a ghost in those dismal apartments? You interest me greatly. I did not think she would ever have the pluck to visit this house again after what happened at her wedding."

"She has had the pluck," I assured him, "and, what is more, she has had enough of it not only to re-enter the house, but to re-enter it alone. At least, such is the present inference. Had you been blessed with more curiosity and

Uncle David hears of his niece's death

made more frequent use of the chair so conveniently placed for viewing the opposite house, you might have been in a position to correct this inference. It would help the police materially to know positively that she had no companion in her fatal visit."

THE HOLY FATHER ADVOCATES
BETTER TREATMENT FOR
THE NEGRO.

Topeka, Kan., April 27.—Nick Chiles, editor of the Topeka Plaindealer, a negro paper published in this city, received a letter from Pope Pius X. The western negro press association, of which Chiles is president, at its annual meeting adopted a resolution urging the Pope to use his good offices for a better treatment of the negro race in this country. The letter from the Pope, which came through Cardinal Gibbons, says, in part:

The sovereign pontiff is well aware that there are many Catholics among the negroes of the United States, and this knowledge increases his interest in the welfare of your race. His Holiness, as the vicar of Christ, extends his loving care to every race, without exception, and he must necessarily use his good offices to urge all Catholics to befriend the negroes, who are called, no less than other men, to share in all the great benefits of redemption. The life and example of St. Peter Claver and of so many other Catholic missionaries are there to show that this is no new conception of the apostolate intrusted to the church of Christ. Whilst frankly admitting that crimes may often be committed by members of the negro race, his holiness advocates for them the justice granted to other men by the laws of the land, and a treatment in keeping with the tenets of Christianity. I am confident that those sentiments are shared by the vast majority of the great American people and by those who are responsible for the custody of the principles underlying the American constitution.

A NEGLECTED MODERN LANGUAGE.

Now the sap begins to stir in the language and sporting blood in most of us. Quick readers of the always interesting columns of the "Sporting page" are dulled by habit to the neologisms, the salient expressions, the strange, attractive lingo; the language in a language. Imagine a foreign scholar, familiar with conventional, bloodless English, compelled to translate into French or German phrases like these:

"Cardinals and Browns lumbered up for the edification of not a few of the fans."

"Shannon will pull off a couple of steals."

"Mike does not believe in easy taps."

"Both are ripe, and the one that shows the best in warming up will be sent to the slah."

"Joe Corbett is slightly overdrawn."

"Demontreville comes in on bats and can lace the ball out."

"Beloved of the bleacherite and bound to make a strong impression with the sun gods."

"A bunch of batters that will send many a pitcher to the well."

"Padden should be in the games up to the handle."

"An excellent receiver and appears to have a nimble think-tank."

"The Cardinals come home with a clean sheet."

"Smoot, not the senator, knocked a few around yesterday."

Here is an adequate tongue, written by many masters and spoken by many millions. Yet the haughty and absurd English dictionaries take little or no note of it. Dr. James Augustus Henry Murray of Oxford should direct his American "readers" to this fruitful words.—From the New York Sun.

HAIR IS HER OWN.

Warsaw, April 27.—The supreme court here has just decided that the hair of a married woman belongs to herself and not to her husband.

Some time ago the wife of a wealthy land owner started proceedings against her husband for having cut off her luxuriant tresses in a fit of mad jealousy.

In the first instance the case was dismissed on the plea that a husband had to do with his wife's hair as he pleased, but the wife appealed and a higher court has now given a decision in her favor.

8 24,952 PEOPLE IN PADUCAH NOW

According to the New Directory
Just Issued.

Mr. Fred B. Ashton Completes His
Work and Is Delivering His
Books.

MOST COMPLETE EVER ISSUED

The population of Paducah, according to the new directory just issued by Mr. Fred B. Ashton, superintendent of carriers at the local post office, is 24,952. The number of names in the directory is 12,476, and the way the population is arrived at by statisticians is to use the multiple 2, although some use even three or four.

Mr. Ashton, who has worked hard on his directory for the past several months, has at last completed his labors, and is today delivering the books. Without doubt the new directory, which contains 412 pages, is the most complete and accurate ever issued in Paducah, and it is a credit to Mr. Ashton, who had excellent facilities for compiling it.

Mr. Ashton had been at work on the volume for quite a while, and took great pains with it. He compiled it at odd times, and is satisfied that the business men of the city will welcome it and be pleased to obtain a copy. It is the first directory gotten out in Paducah in several years, and is typographically attractive.

Mr. Ashton not only furnishes the directory, however, but as he estimates 250 people move every month and intend to keep posted on their movements, he will cheerfully give his patrons all the information he can in regard to changes in residence if they will telephone him.

The new directory not only contains the names and numbers of all residents of Paducah, but a complete list of all public and other buildings of the city, county, district and other officials, of corporations, time of holding courts, much miscellaneous information and something that is new and will be a great benefit to local merchants, a rural route directory, giving the names of all residents of rural routes in the county.

Mr. Ashton is to be congratulated on the neat appearance of his directory, and of its completeness.

Carpenters and Contractors
Reach an Agreement Here.

Advance Is to Be Given, But Not
What Was Originally Demanded.

A meeting of the carpenters' union was held last night at their hall on South Fourth street at which the demand for a new scale was settled. A delegation of building contractors was present by request, and it was agreed that beginning May 1 the carpenters receive a minimum scale of 31 1-4 cents per hour, with one and one half pay for over time, and double pay for Sunday work.

The original demand was for an eight hour day and 35 cents per hour, which the contractors rejected, making a counter proposition. The two bodies had been considering the matter for the past several weeks and the agreement made last night eliminates the possibility of a strike.

The tanners' union has not yet received any answer to its demands for an eight hour day instead of a nine hour day.

Lucy Carson, the negro girl who is being confined in the county jail for lunacy, will probably be taken to Hopkinsville immediately.

She was taken to Hopkinsville over a week ago and admittance refused her, the asylum being full. She was brought back and since confined in the jail here has been getting worse, and is now almost a raving maniac. Jailer Jones informed the authorities that something ought to be done and steps will be taken today to have her admitted to the asylum, whether it is full or not.

JUDGE SANDERS EXPLAINS THE LAW

Says a City Can Do Anything it
Chooses With Animals.

One Man in Police Court Declares He
Will Go to Jail Before He Pays
Dog Tax.

TODAY'S COURT NEWS NOTES

Judge D. L. Sanders said in police court today that a city had a right to kill, sell, tax or otherwise dispose of dogs, cows, hogs, or anything else that was found violating city ordinances. A city has a right, he claims, to do anything the lawmakers deem necessary to protect or promote the health, peace, comfort, happiness or welfare of the people in general. This gives municipal lawmakers a wide scope, and enables them to do anything from fining people for spitting on the streets or elsewhere, to selling or killing property belonging to a non-resident for taxes or violating the law.

The city could have killed the cows or horses caught running at large in violation of ordinance as easily as they kill dogs. The difference is that it is better and more profitable to sell the cows and horses, when they are not redeemed by their owners, while it would be impossible to sell the dogs.

There were many dog cases on the police court docket today. Judge Sanders is showing all the leniency possible, and fines the defendant's only when necessary.

Today, one citizen, white, who was fined \$5 yesterday and the judgment suspended until today, was in court and stated he hadn't paid taxes on his dog and didn't intend to. That he didn't believe a citizen could be made to, and he would go to jail first. Judge Sanders thinks if the gentleman will consult an attorney he will decide to pay the license. If he doesn't he will have to serve his fine on the streets like anyone else who fails to pay.

Van Hawkins was fined \$10 and costs for failing to pay dog license. This was the only fine assessed.

Many cases were left open and a number continued. Those who pay their tax are usually let off as most of them simply have not been able to pay. Several before the court today claimed they had had their dogs killed. One man said he sent his down to the river in a sack by his little boy and had it drowned.

One woman said she had sent her dog away but it always, like the cat, came back, but she would send it to the city hall "right away."

Another's husband was on the river and would be back Monday, when she will pay the tax. She was also released.

Judge Sanders said that the city had already collected about \$1,800 this year off dogs. The people, he declared, were entitled to protection from dogs, cows, horses and everything else, and those who have them must take the consequences. He would rather see every dog in the United States made away with, he said, than for one human being to be bitten and die from hydrophobia.

Years ago the city used to have a dog killer who went about shooting dogs, and he didn't care whose dog was shot, where it came from or how much it was worth. Once a country dog was shot and the owner sued the city, carrying the case to the court of appeals, which decided that the city had a right to shoot any dog running at large in the city, no matter where it came from. It was its owner's business to see that it didn't violate the law.

It is the same way with cows. These animals have no right running at large in Paducah after 9 a. m., and there are now two fine Jerseys in the pound which are to be sold Saturday for charges because their owners turned them loose and they were caught at large in violation of law.

Judge Sanders could fine every person warranted, for not having paid the dog license. Any person who owned a dog at the beginning of the year, when all licensees of whatever description fell due, are subject to a fine just the same as if they had violated any other law. A man who had a dog January 2, is liable for the tax if the officers wanted to make him so no matter if he has since disposed of the dog, just the same as a man with a house and lot is liable for taxes. The assessment is made a certain day,

HOPTOWN NEXT

THE PADUCAH BOYS TO PLAY
A SERIES BEGINNING
TOMORROW.

This afternoon the K. I. T. team is at Wallace park practicing and will tomorrow meet the Hopkinsville college team in a match game to be followed by another Friday, Saturday the boys will go to Poplar Bluff, Mo., to play three games. After these games they will return home and play exhibition ball until the league opens. They are in good shape now and with the warmer weather will be able to play better ball.

The local fans are after the management to better the grounds. The local grounds are said to be in bad shape compared with other parks and at Evansville the boys found the park as smooth as an asphalt pavement.

Wallace, the big left fielder who played with Cairo last season in the K. I. T. league, will be barred from the professional baseball hereafter unless he is willing to pay a fine of \$300.

The board of directors of the Cairo association at a recent meeting decided to make an example of him and agreed on the fine. They will send Secretary Farrell their recommendations and will ask him to bulletin the fine. Wallace is reserved by Cairo and jumped this season to Vicksburg, Miss. Vicksburg offered to buy Wallace's release but the Cairo managers did not want to sell him. When a baseball player is fined so heavily he generally does not pay the fine and is thereby barred from professional league ball. He may play independent ball, however.

Mr. Joe Woodbridge, of the city, has received a letter from Manager Jackson, of the Boston Bloomer Girl base ball team requesting him to meet the team at Kansas City, Mo., and play with it. Woodbridge is a fair pitcher and has seen some little professional experience. He will probably accept.

and if he sells his property the next day after the date of assessment, he is liable for the taxes just the same. The officers, however, are disposed to be lenient with everybody, and only want the license paid.

Judge Sanders fined Van Hawkins, colored, \$10 and costs this morning for keeping a dog without license. Hawkins' case was continued over from yesterday when he was given until today to surrender the dog, pay the license or be fined, and he accepted the latter.

During the examination of John Prince, white, who was arraigned on a dog license warrant, he asked Judge Sanders something about the law, insinuating that the judge did not know his business, which greatly angered his honor. He was promptly fined \$3 for contempt of court but the fine was afterwards remitted.

Frosty Morgan, white, was fined \$5 and costs for a breach of the peace.

Jeff Young was arraigned on two warrants for failing to pay dog license, and the case continued until tomorrow.

The case against Murt Hill for assaulting Charles King with an axe was left open.
